# THERMAL MARK

TM-250 Series by Thermal Mark is designed for fresh, frozen and deep frozen applications on medium sized trucks.

The compressor is driven by the truck engine. Integrated 240 & 415v electric standby model available.

**The TM-250 Series Offers you:**

- ▶ **Optimum Performance** for superior cooling & less fuel consumption
- ▶ **High Capacity & Airflow** to ensure even temperature distribution
- ▶ **Exceptional Pull-Down Capacity** after regular door openings
- ▶ **Low Operating Noise** allowing unrestricted deliveries in residential areas
- ▶ **Intelligent & User Friendly** control system with digital in-cab display
- ▶ **Electric Standby** 240v or 415v 3 Phase
- ▶ **Affordable Reliability** knowing your unit will have a long life cycle at a small cost

**TM-250 Series**  
Quality you can count on to get the job done!
